## 20th Annual Northeast Nebraska Legislative Forum

Wayne Area Economic Development's Government Affairs Committee and Wayne State College will be co-hosting the 20th Annual Northeast Nebraska Legislative Forum on Friday, April 15 at 10:30 am in Gardner Auditorium (Gardner Business Building). Senators confirmed for the forum include Lydia Brasch (District 16), Dave Bloomfield (District 17), and Speaker of the Legislature Mike Flood (District 19). The senators will take questions from the audience (via hand written notecards) for 90 minutes. This forum is free and the public is invited to attend. Mark Ahmann will moderate the event.

Prior to the forum, the Government Affairs Committee will host the weekly Chamber Coffee in the Gardner Business commons area at 10:00 am. The public is encouraged to get there early as Coffee will end by 10:25 in order to get the forum started on time.

With major policy issues to still be determined by the 102nd Nebraska Legislature (i.e. the budget, redistricting, CIR

legislation, roads funding), this forum is a perfect way to learn information first hand from the senators and be given the chance to anonymously ask questions to those who shape our state's future. Please take this opportunity to get involved with your state legislature.

If you have questions regarding the forum or would like to submit questions prior to the event, please contact the WAED office.

## Wayne Young Professionals Group

Seventeen (17) "members" of The Wayne Young Professionals Group met on March 28 to discuss what the group would like to accomplish in the not so distant future. Items discussed included social networking, recruiting talent to the area, welcoming new young people and families to the area, and professional/personal development.

This group, known as WYPG, started back in Fall 2008. Previous activities have included a newcomers social, New Year's

Eve parties, WSC Football tailgating event, participating in volleyball tournaments, and others. Membership includes whoever shows up for meetings and other events. No dues are charged. The group has consciously made the decision to stay informal in way of structure.

But what does "young" and "professional" mean? The group has no age or career limitations, however it targets people who are in their 20's to

their 40's. The WYPG wants you! Period.

If you would like to get involved with this group, just email Kelsey or Wes at the WAED office, or become a member of "Wayne Young Professionals Group" on Facebook.

## Green Expo

Once again the Wayne Green Team is sponsoring a Green Expo. The event will take place on April 9<sup>th</sup> at the City Auditorium from 10 am to 3 pm. Last year's Expo was well received and the Team was inspired to make this an annual event. It will feature display tables with

information on a wide variety of topics that relate to sustaining our environment and saving our resources and money at the same time. There will be a variety of activities for the kids and speakers from UNL, Nebraska Forest Service and a Farm Bill Biologist. Door prizes

By: Lois Shelton

will be awarded at the end of the day, including gift certificates for trees and a rain barrel made by Bill Jammer. Come check us out and see what you can do to help yourself and the environment.

## Easter Basket Shop Hop

The Easter Basket Shop Hop promotion started on Thursday, March 24<sup>th</sup>. The businesses that are participating in this promotion are: Bomgaars, Coffee Shoppe, Copy Write, Diamond Center/Flowers & Wine, Final Touch, Gemstone Bridge Bead and Gem, Jacob's Room, Nana's This & That, Quality Foods/IGA, Swan's Apparel and Wayne Greenhouse.

A drawing for the Easter basket that contains items from the participating businesses, totaling over \$100,

will be held on April 22<sup>nd</sup> at 10:00AM Chamber Coffee.

Take some time to participate in this promotion and see what Wayne has to offer.

## Elderfest Scheduled for Thursday, April 21

The Providence Medical Center Foundation invites you to attend Elderfest 2011 on Thursday, April 21<sup>st</sup> in the Historic Wayne City Auditorium in downtown Wayne. The doors open for the event at 9:00AM. This is an all

day celebration that includes free gifts and prizes, free food, activities and entertainment for all. This year there will be no dance and buffet because the event happens to land on the Easter Vigil of Holy Thursday. The event will conclude at

6:00PM. For more details or questions, call 402-375-5529.

## Up and Down Main Street

It was just announced that Marcile Thomas will retire as Administrator of Providence Medical Center. She has been a dedicated leader and has helped our hospital grow and prosper. We are sorry to see this time come and she will be missed. Since I have arrived in Wayne, the hospital has had a number of changes and the growth from my perspective has been unbelievable. One of the services that our family has used frequently has been the Outpatient Clinics where a number of doctors with various specialties come to Wayne to care for patients. We appreciate this service and all the good and caring help that is provided throughout the hospital. Best wishes Marci.

As I write this column I am aware of a number of spring events that take place in our community. The annual spring Rugby Tournament brought over 90 teams in town to participate. I enjoy the games as I marvel at the ruggedness of the competition. The Green Expo will be set up in the City Auditorium on April 9 from 10 a.m. to 3 p.m. I really enjoyed this last year and I am looking forward to this year's expo. The seventh annual Elderfest will be held on April 21 from 9:00AM-6:00PM. This year there will be no evening dance due to Thursday Easter services. It is amazing how Sandy Bartling and her volunteer committee got this going and continue to hold the event each year. What a job they do!!! Thanks to the committee for all you do for Wayne and our Senior Citizens in the area. Earth Day and Arbor Day also take place this month and I expect there will be several college and community activities. Look for them.

Administrative Assistant Day is April 27th so remember to show appreciation to your office staff.

At our last Revitalize Wayne/Main Street Committee meeting we learned that the flower pots on Main will be cleaned out and replaced with fresh plantings. Thanks to volunteers from the Leadership Wayne classes for the holiday decorations this winter. Contact the office to volunteer to help with the spring flower planting. Locations for three more benches were discussed and we were told that the airport work would be restarting soon. The National Main Street Conference will be held in Des Moines May 22-25, an easily accessible location for any local people to attend and Irene has all the info on this if you are so inclined. The sub-committee working on nominations for the annual Main Street/Heritage Nebraska Awards has learned that they have more time to make their choices because the deadline for nominations has been extended to April 15 with the annual Awards Dinner being held at a yet to be determined location in June.

We talked briefly about the Window Sign Project that Matt Ley and State National Bank is developing to assist Main Street businesses improve visibility. If you want to know more about this, visit with Matt at State National Bank. The Historic District plaques and Historic Tours are still a work in progress. We need more volunteers to help develop the Historic Tours. Marie and Nana worked up the Spring/Easter Shop Hop promo and shoppers are collecting stamps on the Shop Hop cards.

Attendance at the Majestic has been outstanding and your continued support is appreciated. Marie and I went to a Sunday matinee and were pleasantly

surprised at the crowd that day. It is a great place to watch a movie and the movies offered are inexpensive and first run.

Congrats to Sand Creek Post and Beam, owners and employees, for achieving national recognition as SBA 2011 Nebraska Small Business of the Year. Our community is proud of you and glad you selected Wayne for your home.

We could use some more retail businesses in town especially to fill the holes we have in diannes, Mines Jewelry, and a few other buildings. Most of the economic literature I am reading is candid about the difficultly small towns like Wayne are having attracting businesses in the economic downturn of the last several years. Wayne is not alone with empty store fronts and we need to do better in selling our community to outsiders. "Out shopping" is one of the problems we have in Wayne with a figure of over 70% of our purchases made out of town as shown in a study conducted by WSC business students in the early 90s. This seems to me to be a "Catch 22" because if we do not have a variety of businesses we need, we have to go out of town to find the products and services we desire and need. So we need to be more loyal to the businesses we have and support them. I think that our most immediate solution is to work diligently to make Wayne a historic attraction capitalizing on our Historic Designation.

Got ideas, please join us at our meetings. In the coming month we meet at 8 a.m. April 12th and April 26th at the City Auditorium. We can always use more ideas and volunteers. Have a great April and Easter Holiday.

The Government Affairs Committee co-sponsored the Northeast Nebraska Legislative Reception with Norfolk, West Point, Columbus, and Fremont Chambers of Commerce. Representatives from these areas took a chartered bus down to Lincoln to meet with area senators and talk about issues that are important to our areas. The three major points presented were support for highway funding; support for economic development bills LB386-LB390;

David Ley, center, discusses the issues with District 17 Senator Dave Bloomfield and his wife, Dee.

BJ Woehler visits with Senators Fischer and Tyson Larson during the reception.

and support for efforts to limit spending and balance the budget without tax increases. We find it very important that the area chambers and representatives present a united front in order to voice our opinion on issues that will affect us and surrounding cities and towns. ## Sand Creek Post & Beam Named Small Business of the Year

Len Dickinson and his wife, Julie Goeller, and their company, Sand Creek Post and Beam, have been named the 2011 Nebraska Small Business of the Year by the U.S. Small Business Administration.

The company was nominated for the honor by Loren Kucera, Director, Nebraska Business Development Center (NBDC), Wayne. They have been invited to attend National Small Business Week May 16-20 in Washington, D.C., and are eligible for selection as National Small Business Person of the Year. *Empowering Entrepreneurs*, a series of events and educational forums will mark the 58<sup>th</sup> anniversary of the agency and the 48<sup>th</sup> annual proclamation of National Small Business Week.

Dickinson and Goeller started their business five years ago, growing into a company which blends building and selling technologically advanced pre-cut, pre-engineered kits which preserve authentic Great Plains post-and-beam barns and outbuildings. The firm offers big wood post and beam timber barns and outbuilding kits—many of which even are perfect for a one-of-a-kind rustic home. The frames are assembled on a customer's existing foundation, and if that cus-

tomers needs construction advice all the way up to turn-key construction services for the new barn, they provide that, too. Workers at their 27,000-square foot factory in Wayne and their facility in Georgia mill, cut and assemble the barn kits.

“Many of the barns in Nebraska years ago were built from kits from Sears or Montgomery Wards,” Goeller said. “So we brought back an old business and we’re reviving a niche. People don’t have the time these days to do things like get tools and go find people with expertise to build a barn. So if you could have something shipped already pre-packaged, wouldn’t that would work great?”

Keeping with its back-to-the-prairie environmentally-friendly business model, Sand Creek Post and Beam uses all-natural materials, with no chemical

preparations. “We pay Arbor Day to plant 10 trees for every customer we have,” Goeller added. Four years ago, the company embarked on an expansion project which would mean more factory space, an ability to complete more orders, and more jobs for local workers. Kucera played a crucial role for the business coordinating an SBA loan package and grant applications.

Plans for the future include placing small production units strategically around the country to cut down on shipping costs. “We would like to expand our sales network, and look at doing more international sales,” Goeller added. “We sold one barn delivered to France, another to Alberta, even people from Australia are interested in obtaining our products.”

While the company continues to look toward future growth, they’re proud of their ties to the past, and a picture of rural America of days gone by.

“We even saw a TV commercial for four wheelers, and by chance one of our barns was used as a backdrop,” Goeller said. “That shows our barns really tie into being in the country and being tough and rugged. Some people use a barn when they want something to look American; well, we build those barns!”
